Part B for Tamang

SUBJECT

Participation in the Indian Administrative and Police Service Schemes.

P.M. 10/2

Resolution of the M.C.S.Association.

(1) While taking note of the fact that under the Integration Scheme a certain number of high posts are open to the member of the State Service, the House feels that the number is not adequate, that the prospects and emoluments of the services be considerably improved and requests that a running scale of pay of Rs.1,000/- be fixed for all the members of the service who are not selected to the I.A.S.

As the matters stand at present the future promotions and prospects of the Officers in the lower grades are likely to be affected to a certain extent as a result of the I.A.S.Scheme and some relief should be afforded to such officers in the shape of the suggestion contained in the resolution. It is now too early to say how many will be taken over to the I.A.S. and what number will be left out. After the Special Recruitment Board has taken a final decision in the matter, it will be possible to know the extra cost that would be involved thereby and to what extent such a relief is called for.

(2) In the case of Officers of the M.C.S. who, on account of limiting their prospects as a consequence of the integration into the I.A.S., desire to retire on account of change of conditions of service or want of places, the officers may, as a measure of compensation be permitted to retire on a special pension equal to 3/4th of the average emoluments drawn by them during the least completed years of service.

If the suggestion of giving a running grade to these officers is accepted, they may not elect to retire and may prefer to continue in service. This question may not therefore arise.

It, therefore, appears desirable that the results of the Special Recruitment Board may be awaited and the resolutions referred to above may be taken up for consideration thereafter.

Points raised by certain Officers of the M.C.S.

(1) Out of 124 Assistant Commissioners only six are to be selected by the Central Board for the I.A.S.cadre. The promise to add another 24 names is conditional and cannot be relied upon. Even if this were to come true, a vast majority of employees will still be left over. This vast majority of Civil Service Officers will have been victimised for no fault of theirs, without any charge of corruption or other irregularities having been levelled or proved against them.

The number of Junor posts now determined by the Government of India to this State is only 4 and this, with the Training Reserve of two, will come to only six. This is a very small number and the immediate result will be that a large number of young men who have been taken to the M.C.S. over a series of years to man future vacancies, will be left no where. The Government of India was, therefore, requested to take by way of initial recruitment, after screening and selection by the Central Recruitment Board, up to 30 men from among (1) the existing Senior Assistant Commissioners (2) the Assistant Commissioners who were taken from time to time as Probationary Asst. Commissioners by a competitive examination or by selection. (3) the Asst. Commissioners who were taken as Revenue Probationers after selection and (4) other young and suitable Asst. Commissioners whose total service is not more than ten years. It was also made clear to Government of India that the persons who are to be recruited to the junior cadre on passing the I.A.S.Examination.

Examination hereafter should be placed below these junior officers initially recruited from among the officers referred to above.

The Government of India have agreed that there is no objection to the total number of selections from the State Officers exceeding, if necessary, the total cadre strength fixed for the State. The excess if any will be adjusted in later years by short recruitment.

In view of this, Government of India may once again be urged to take by way of initial recruitment, as many officers as are found fit after screening and selection by the Special Recruitment Board, without fixing any maximum limit in this behalf. This will perhaps meet the apprehension that is now lurking in the mind of these officers.

(2) The balance of 118 officers left over after selection suddenly find that their promotion as Deputy Commissioners, etc. in the usual course is stopped and that they must give way to the six persons selected by the Central Board. The result will be not merely stoppage of promotions rightfully due to them but also painful humiliation inflicted in the promotion of the select six persons in preference to 118 others.

If the above suggestion is accepted and given effect to, so many officers as apprehended will not be affected thereby. In respect of these that will not be selected, some relief in the shape of a running grade may be granted to them in view of the loss of promotions resulting from the I.A.S.Scheme.

(3) The Non-I.A.S.Senior posts stated to be available to them are all such as will not be really available at all.

27 Senior duty posts have been allotted to the I.A.S.cadre and 10 Senior duty posts for the non-I.A.S. Of the ten, some have already been abolished and most of them are of a temporary nature and likely to be abolished at any time, when their existence is considered not necessary. Of these only four, viz., Private Secretary to His Highness, Huzur Secretary to His Highness, Two Deputy Commissioners of Sales-Tax may perhaps be considered as being of a permanent nature. This is too small a number for the large number of officers that may form the Non-I.A.S.cadre and it is quite necessary that some more Senior duty posts should be allotted for these officers.

Out of 35 posts that are existing now, 19 appointments may be earmarked for I.A.S. and 16 for non-I.A.S. The temporary posts cannot be brought into the above cadre and they have therefore to be included in the latter. This will mitigate the hardship caused to a certain extent.

(contd.....

(4) The constitution of a Special Committee to go into the question.

This does not appear to be necessary. The President of the M.C.S.Association and two nominees of the Association may perhaps be invited to attend the Council Meeting when this question is taken up and give their valuable suggestions in the matter.

The Special Recruitment Board has been requested to postpone their visit to Mysore and they have agreed to it. But the Government of India wants the views to be communicated so as to reach them by 22/5/1950 at the latest.

About 35 Asst.Commissioners who have been promoted from the subordinate ranks have not been selected for being interviewed by the Special Recruitment Board.

This was done with a view that these officers have not many years of service before them and their future promotions are meagre. From a rough perusal of the rank now occupied by these officers in the cadre of Asst.Commissioner, it may be said that Sri M. Malleshayya and Sri R. Rangaiya have chances of getting promotion as Deputy Commissioners and of the remaining some may retire as Asst. Commissioners and a few as Senior Asst. Commissioners. Only the cases of the two officers referred to above is a hard one.

Sir,

Subject :- Selection of Officer for the Indian Administrative Service.

Ref :- Your letter No.9808/GAD-S-11, dated the 3rd December, 1949.

I am directed to say that in order to facilitate the work of the Special Recruitment Board of the Government of India, it will be appreciated if the list of the Officers, selected by the State Selection Board, are prepared in three parts as indicated in para 4(i) of the Scheme; in any case, suggestions for list III showing the names of Officers who have a right to continue permanently in posts hereafter to be included in the Indian Administrative Service Cadre are most desirable and the State Government may suggest in the first instance who among their Officers have developed such rights. These lists complete with records of service and confidential reports of the Officers included therein may kindly be sent as early as possible to the Ministry of Home Affairs direct under intimation to this Ministry.

Similar procedure should kindly be followed in the case of Officers recommended for the Indian Police Service also.
